

Tuition Assistance Policies and Procedures

Effective February 2022

1. All tuition assistance is based on a family's demonstrated financial need.
2. An enrollment packet and enrollment fee for the upcoming school year must be submitted before a tuition assistance application will be accepted. The enrollment fee will be refunded if tuition assistance is not awarded and the family chooses to withdraw from COTW. Application fees are non-refundable.
3. The preschool keeps all tuition assistance information confidential; it is requested that applicant families also honor that confidentiality.
4. Tuition assistance awards are for one school year; assistance will be prorated if awarded after the school year begins.
5. A new tuition assistance application must be completed each year, even if the family received tuition assistance the previous school year. The school does not hold funds in reserve for families who received tuition assistance the previous year.
6. The preschool begins issuing tuition assistance awards in April as funds permit. Short term financial emergencies that arise during the school year will be handled on a case by case basis for enrolled families, depending on available reserve funds.
